# PREFACE

Payneham Cricket Club was founded in 1868 and is the oldest cricket club in Adelaide that still carries its original name. It has built a fine tradition and provided a very significant base for community cricketers in the eastern suburbs.

It has experienced a number of stages since its inception.

- from 1868 – 1898 it competed in an environment where matches were arranged with other clubs by agreement, and not within the confines of a particular association.
- from 1898-1932 it competed on hard wickets in the East Torrens Cricket Association
- from 1932 onwards it competed in Adelaide Turf Cricket Association as a foundation member, initially with senior teams only and later with Junior teams as well.
- from 1998 onwards it competed with Sub Junior teams as a foundation member of the North Eastern Junior Cricket Association
- in 2017 it entered teams in female competitions for the first time.

The records of these exploits were retained by the diligence of Keith Duke, the secretary for 60 years, in collecting (almost) all of the scorebooks from 1940, and subsequent volunteers.

In 2000 the committee established a process of recording all of the statistical data onto a specialised database - "Cricket Statistics for Windows" and now has an essentially complete electronic record of the post World War 2 era of the club's competitions.

The club acknowledges and thanks Grahame Giddings of Heston UK for his considerable help, assistance, and production of specialised sectors of the product for our particular requirements. The current version of the product is Ver. 5.00.134 and can be viewed at <http://www.clubcricketsoftware.co.uk>.

First published in 2006, Runs Galore was revised annually with the updated statistics of the club across the complete range club's cricketing endeavours both past and present.

However, in 2018 two very significant changes occurred...

- For the first time, community-based competitions emerged for women cricketers, and
- Cricket Australia, for the first time, seriously entered the management of (sub) junior cricket and in the process establishing a completely rearranged structure (and set of rules) for cricket at Under 14 and below.

From the point of view of statistical recording cricketer's performances, this expanded the presentation of the record base to an unviable volume size. Accordingly, the records have been divided across two volumes.

- Volume 1 containing only records of teams and competitions that are current. This volume will be updated annually as in the past.
- Volume 2 (this production) that contains records of teams that are no longer active and competitions that Payneham no longer enters. This volume will only be updated where other teams become inactive and need to be transferred to this edition.

# DEFINITIONS

For cricket terms that have obscure or debatable meanings, the definitions as adopted in this publication are listed below.

**Hat Trick:** Three wickets taken by a bowler in successive legal deliveries within a match.  
*The deliveries may be split by the end of an over or end of the first innings, but not by the end of the match.*

**Double Hat Trick:** This term is not recognised in this book.  
*Successive wickets taken in more than three balls are recorded as specific events.*

- 4 wickets in 4 balls
- 5 wickets in 5 balls
- 5 wickets in 6 balls ..... etc

*Such an event is also recorded as 1 Hat Trick*

**Carried Bat:** A batsman who opens the innings (batsman 1 or 2) and who remains not out when the 10th wicket of the innings falls.

**Batted Through Innings:** A batsman who opens the innings (batsman 1 or 2) and either...

- is out as the 10th wicket to fall, or
- remains not out in an innings that is closed when less than 10 wickets have fallen (provided at least 5 wickets have fallen and/or 100 runs have been scored)

**Batting Strike Rate:** Runs scored / 100 balls faced

**Bowling Strike Rate:** Legitimate balls bowled / wickets taken

**Bowling Economy Rate:** Runs scored / 100 balls bowled [Runs / over for 20/20 matches]

**Junior teams:** Teams specifically for players limited by age – Under 17, Under 16, Under 15, Under 14

**Sub Junior Teams:** Teams specifically for players limited by age – Under 14, Under 12, Under 10

**Highlight Performances:**

	Senior/Junior	Under 14	U14/U12 T20	Under 10
Batting 1	50 runs	30 runs	30 runs	20 runs
Batting 2	100 runs	50 runs		40 runs
Bowling 1	5 wkt/inns	4 wkt/inns	3 wkt/inns	3 wkt/inns
Bowling 2	10 wkt/match			
Wkt. keeping	6 dismissals/inns

++ In the competition of these years there were no finals and the premiership was awarded to the winner of the 'minor round'.

% In this era a minor premier that lost the grand final had the right to challenge the winner in a further "Challenge Final". Payneham defeated Clipsal twice to gain the premiership.

Note that it is now a requirement of the Sub Junior competitions that batsmen retire variously at 30, 40 or 50 and may only return if every other player (except one) is out. This limits the potential for scores much in excess of 50.

### BEST PARTNERSHIPS

Partnerships are not recorded in Under 11 & Under 9 competitions because of the copious retirements

Note that it is a requirement of the Under 13 competition that batsmen retire at the end of the over in which they score 50 (30 in one day games) and may only return if every other player (except one) is out. This limits the potential for scores much in excess of 50.

The NEJCA Under 13 20/20 competition is a knock out event for all teams, and to avoid a dominance of one club in the final rounds, it is the practice to program the early rounds with teams of the same club playing one another. It is this competition format that leads to so many listings above, being in matches of Payneham vs Payneham

The NEJCA Under 11 20/20 competition is a knock out event for all teams, and to avoid a dominance of one club in the final rounds, it is the practice to program the early rounds with teams of the same club playing one another. It is this competition format that leads to so many listings above, being in matches of Payneham vs Payneham

Note that it is a requirement of the Under 11 20/20 competition that batsmen retire at the end of the over in which they score 20 and may only return if every other player (except one) is out. This limits the potential for scores much in excess of 20.
